Play'N'up - a band for all occasions

Based in the Somerset Region, Play'N'up have been bringing good music to pubs, community events, car shows, dance halls, corporate, wedding and other events both within and outside of this region, in the band's current form since 2011.

Our individual members have many years of other band experience behind them, and this wealth of expertise means a professional and powerful performance every time. The band is proud of their extensive repertoire (over 700 songs) and their ability to not only put together a great set list (guided by your requirements) prior to your event, but also to read the crowd and tailor where necessary to ensure the perfect 'next song' is picked to make your event a truly memorable experience.

“musical memories”

“foot tapping fun”

We cover a wide range of genres and can take you on a journey from smooth jazz, easy listening or dinner music through to dance music. We also cover an extensive range, not only of popular pub dance music or Country Rock, but can also do an evening of Old Time/New Vogue sequence dancing if required.

Our band features some very talented musicians, with many combined years of local, national and international experience, and we have a range of configurations to suit all events and occasions, from a duo up to 5-6 performers. We play regularly for both small, private intimate receptions up to larger events with over 100 guests, or even larger outdoor events such as classic car shows with over 2,000 attendees. We can provide background music for a quiet and sophisticated event, or music that will have your guests dancing into the wee hours. We don't just play, we entertain.

Several of our members also have years of event management expertise and we pride ourselves on attention to detail, reliability, flexibility and providing a memorable performance every time.

We can offer:

- Duo, Trio, four, five or six-piece band.
- We cater to many styles - pop, rock, country, jazz to old time and singalong.

We deliver:

- Professional PA and lighting.
- Wireless microphone for speeches if requested.
- Break music between each set designed for your specific function, to keep your party going.
- A specific song that you can choose for the band to learn (eg. First Dance).
- We can either choose set lists tailored to the type of event you are planning, or use our extensive song list and work with you to tailor the music that you want to hear at your event.

“easy listening”

Our standard band line-ups:

- Duo features: Lead Guitar, Bass Guitar with Percussion and both on Lead and backing Vocals “Two for the Road”.
- Trio features: Drums, Lead Guitar, Bass Guitar with Percussion and both guitarists on Lead and backing Vocals.
- Other members brought in as required for “Play'N'up”: Additional Guitar/Bass, Keyboard and backing vocals.
